An **easy** approach to consumer-directed healthcare

Together, Capital District Physicians and HealthEquity deliver a fully integrated approach to consumer-driven healthcare. It’s a solution with easy enrollment, less paperwork and hassle-free claims.

This means simplified account management as well as online tools, resources and education. You’ll also get the dedicated service and support that distinguishes our offerings.
WE’LL TAKE YOU THERE.

As an experienced provider of integrated HSAs, HealthEquity offers a unique customer experience that is powerful and easy. As your partner, we deliver:

**Easy execution**
Complete data integration between HealthEquity and CDPHP enables easy execution before, during and after enrollment.

**Simple, elegant solutions**
Intuitive online administration tools designed specifically for consumer-driven healthcare.

**Powerful resources**
Dedicated support and educational resources for partners through our employer support team, employer web portal and other tailored tools.

**Convenience**
Employers and members benefit from proprietary web capabilities featuring online payments and integrated claims data.

**Account mentors**
We provide a unique customer experience delivered by a knowledgeable team that offers education and insight to maximize savings.

**Compelling insight**
We understand healthcare consumers and speak effectively to their values and experiences. Our tailored communications provide a clear, positive message that engages employees and inspires greater adoption.
FLEXIBLE INTEGRATION

The unique relationship between CDPHP and HealthEquity allows for true data integration. Unlike most other health account administrators who claim to have “integration,” our solution is complete. Our proprietary technology allows claims, eligibility and other data to be imported directly into our flexible system. This results in a smooth experience with less paperwork and powerful tools. Our flexible platform also allows integration with third party engagement applications, such as price transparency tools and telemedicine.
Helpful support for our members is available every hour of every day

Our team of specialists based in Salt Lake City are available 24 hours a day, providing members with the tools and information they need to help optimize their health savings accounts.
OFFERINGS

Health savings accounts (HSAs)
HSAs paired with HSA-qualified health plans allow employers and their employees to make pre-tax contributions to an FDIC-insured savings account. Balances earn tax-free interest and can be used to pay for qualified medical expenses. HSA-powered health plans cost much less than traditional plans and the money saved can be contributed to an HSA.

Investment tools
Once an HSA balance meets an established threshold, members are able to invest their money in mutual fund options. Other than the monthly investment administration fee and the respective mutual fund expense ratio there are no trading costs, commissions or fund minimums.

Advisor™ (Powered by HealthEquity Advisors, LLC)
HealthEquity is one of the first HSA administrators that offers access to online investment guidance to its members through HealthEquity Advisors, LLC, a subsidiary of HealthEquity and an SEC registered investment adviser. With Advisor, you receive web-based guidance and access to convenient online tools to maximize your earning potential. Advisor provides guidance and management on:

- How much cash to keep in your HSA
- How much to invest
- How to optimally diversify amongst the mutual funds available to minimize risk and maximize growth potential

1 HSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize HSA funds as tax-free with very few exceptions. Members should consult a tax advisor regarding your state’s specific rules.

2 Investments available to HSA holders are subject to risk, including the possible loss of the principal invested and are not FDIC insured or guaranteed by HealthEquity, Inc. HealthEquity, Inc. does not provide financial advice. HealthEquity Advisors, LLC, a wholly owned subsidiary of HealthEquity, Inc. and an SEC-registered investment adviser, does provide web-based investment advice to HSA holders that subscribe for its services (minimum thresholds and additional fees apply). HealthEquity Advisors, LLC also selects the mutual funds offered to HSA holders through the HealthEquity, Inc. platform. Registration does not imply endorsement by any state or agency and does not imply a level of skill, education, or training. HSA holders making investments should review the applicable fund’s prospectus. Investment options and thresholds may vary and are subject to change. Consult your advisor or the IRS with any questions regarding investments or on filing your tax return.
