

# 20% OFF healthcare\*

## Save with an HSA (health savings account):

- Contributions not taxed
- Tax-free expenses
- Funds roll over year after year
- Tax-free interest
- Lower insurance premiums

HealthEquity® ..... [HealthEquity.com/HSAlearn](http://HealthEquity.com/HSAlearn)

\* Estimated savings are based on an assumed combined federal and state income tax bracket of 20%. Actual savings will depend on your taxable income and tax status. HSAs are never taxed at a federal income tax level when used appropriately for qualified medical expenses. Also, most states recognize HSA funds as tax-free with very few exceptions. Please consult a tax advisor regarding your state's specific rules. Results may vary based on plan design, contributions and your tax rate.  
Nothing in this communication is intended as legal, tax, financial or medical advice. Always consult a professional when making life changing decisions. It is the members responsibility to ensure eligibility requirements and that expenses submitted are qualified expenses.
